

Oklahoma RN License Renewal CE Resource (08/11/26)

RNs have to complete 1 of 5 options one of which is 24 contact hours of continuing education every 2 years to comply with their competency requirements.

☐ **Option 1: Employment Hours**

Verify at least **520 hours** of nursing employment in a position that requires a registered or practical nursing license. (Volunteer hours do not count).

☐ **Option 2: Continuing Education**

Complete **24 contact hours** of Board-approved continuing education applicable to nursing practice.

☐ **Option 3: Specialty Certification**

Maintain a current, valid national nursing specialty certification issued by an accredited certifying body.

☐ **Option 4: Refresher Course**

Complete an Oklahoma Board-approved nursing refresher course.

☐ **Option 5: Academic Coursework**

Complete at least **6 academic semester credit hours** of nursing coursework at your current level of licensure or higher
