

Tennessee RN License Renewal CE Resource (08/11/26)

Registered Nurses and Licensed Practical Nurses maintain evidence of TWO items from the following list:

- ☐ A copy of a satisfactory employer evaluation.
- ☐ A letter from a peer providing a satisfactory evaluation of your nursing performance.
- ☐ Copy of a contract renewal or re-appointment or continuing contract to a nursing position.
- ☐ A written self-evaluation based on the standards of your profession.
- ☐ Evidence of current national certification.
- ☐ A document identifying two nursing goals and subsequent development, implementation, and evaluation based on the standards of your profession.
- ☐ A letter where you have volunteered as a nurse or performed service relevant to nursing on local, state or national boards, commissions, foundations, or agencies.
- ☐ Documentation from a school of nursing stating you have participated in the formal education of nursing students (RNs only).
- ☐ Certificate/evidence of ten contact hours per renewal period of continuing education/in-service education applicable to nursing practice.
- ☐ Copy of a published article relevant to nursing in a professional journal written by the licensee.
- ☐ Proof of successful completion of a two-week Board-approved nursing refresher program.
- ☐ Proof of completion of a two-week Board-approved comprehensive orientation program offered by a prospective nursing employer.
- ☐ An official transcript (may be student issued) from an approved/accredited school of nursing leading to licensure as a RN, or APRN, or a RN-BSN completion program showing three hours of nursing credit during the past five years.
- ☐ Evidence of successfully retaking the NCLEX.
