Saturday, June 15, 2024

5:30 p.m.

The Henry Ford Museum
of American Innovation

20900 Oakwood Boulevard • Dearborn, MI 48124

The 13th Ascension Michigan Cardiovascular Service Line Hearts & Arts

Course Overview:

This special evening will combine arts and education for healthcare professionals focused on new updates in peripheral vascular disease, transcatheter valve implantation, developments in cardiac surgery, microvascular coronary artery syndromes in women, and alternative treatments for atrial fibrillation.

The target audience will include physicians (cardiologists, primary care, family medicine, internal medicine, and cardiothoracic surgeons, advance practice nurses, physician assistants, nurses who work in an inpatient setting and fellows in training.

Course Objectives:

At the conclusion of this activity, participants will be able to:

- Develop a systematic approach to evaluating and managing patients presenting with acute or chronic chest pain
- Implement comprehensive risk management strategies for cardiovascular health, incorporating personalized risk assessment tools, lifestyle modifications, and evidence-based interventions to optimize primary prevention and reduce cardiovascular morbidity and mortality.
- Effectively diagnose cardiovascular conditions by conducting thorough clinical assessments, formulating appropriate differential diagnoses, and selecting and ordering relevant diagnostic tests based on guidelines and patient presentation to ensure timely and accurate evaluation.

Accreditation:

In support of improving patient care, Ascension is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

The Ascension Genesys Hospital is accredited by the American Osteopathic Association to provide osteopathic continuing medical education for physicians.

Credit designation statement:

The Henry Ford Museum of American Innovation

Step into a world where past innovations fuel the imagination of generations to come. A vibrant exploration of genius in all its forms, Henry Ford Museum of American Innovation allows you to experience the strides of America's greatest minds while fully immersing yourself in their stories. Step inside the bus where Rosa Parks took a stand by taking a seat. Play pilot as you explore flight innovations, starting with the Wright brothers' achievements, or make yourself at home inside Buckminster Fuller's circular Dymaxion House. Put yourself in the place of the movers and shakers who blazed the trail to where we stand today.

Schedule of Events

- 5:30 p.m. Check In (clocktower entrance)**
- Access to entire museum (map provided)
- Vendor display in corridor near Mathematica Area
