

Continuing Education/Continuing Medical Education (CE/CME)

Diversity, Equity, and Inclusion Book Club:

“Rise - A Pop History of Asian America from the Nineties to Now”

WHEN: Monthly - Third Thursday of each month

Presentation purpose:

Each month we'll read several assigned chapters of a book or other material to better understand race, implicit bias, and the actions we can take to create more inclusive and equitable work environments. We discuss our experiences, questions, and opinions related to the material we read in a safe, judgment-free space. Facilitators provide discussion questions and material synopses. All Ascension associates are welcome to join and we aim to have a diverse group of participants with whom to share our experiences and ask questions.

If you are interested in participating in this activity, please reach out to Phoebe Long (Phoebe.Long@ascension.org) or Lorena Martinez (LEMartinez@ascension.org) for the meeting link and additional information.

Learning objectives:

- Understand historical and cultural components of race and its influence on our everyday personal and professional lives.
- Share and learn from each others' personal experiences with regards to race, racism, and implicit bias.
