### Presentation purpose:

This activity will identify and analyze the pharmacological needs of trauma patients in the Emergency Department. As part of the interdisciplinary care team, pharmacy staff and service is often requested urgently to meet the needs of trauma patients without having much information of patient or their illness and injury process. The speaker will review how to identify and apply best practice interventions to optimize outcomes for regarding pharmacological therapy for trauma patients presenting through the Emergency Department.

**Learning objectives:** Upon completion of this activity participants should be able to:

- Review, identify and analyze the pharmacological needs of trauma patients in the Emergency Department
- Identify and apply best practice interventions to optimize outcomes for regarding pharmacological therapy for trauma patients presenting through the ED
- Summarize interdisciplinary care team roles when trauma patients present with illness or injury
- Identify patient behavior in presenting and response to pharmacological interventions

### Target audience:

- This activity is designed for the interdisciplinary audience including physicians, nursing, pharmacy, psychologist, physician assistants

### Credit Designation:

In support of improving patient care, Ascension/St. Vincent's Health is jointly accredited by the Accreditation Council for Continuing Medical Education (ACCME), the Accreditation Council for Pharmacy Education (ACPE), and the American Nurses Credentialing Center (ANCC), to provide continuing education for the healthcare team.

This activity was planned by and for the healthcare team, and learners will receive 1.0 IPCE credits for learning and change.

### Faculty/Course Director/Planners:

Ascension/St. Vincent's Health has selected all faculty participating in this activity. It is the policy of Ascension/St. Vincent's Health that all CE/CME planning committees, faculty, authors, editors, and staff disclose relationships with commercial interests upon nomination or invitation of participation. Disclosure documents are reviewed for potential conflicts of interest and if relevant, they are resolved prior to confirmation of participation. Only those participants who have no conflict of interest or who agreed to an identified resolution process prior to their participation were involved in this activity.

**Conflict of Interest:** In accordance with the ACCME Standards for Commercial Support, it is the policy of Ascension/St. Vincent's Health to ensure balance, independence, objectivity and scientific rigor in all CE/CME activities. Full disclosure of conflicts and conflict resolution will be made in writing via handout materials or syllabus.

**Commercial Interest:** No commercial interest was received for this CE/CME activity.
